

Where does my recycling go?

There's a lot going on in the world of solid waste, and particularly with recycling. Recent changes to international regulations means that we all need to make small changes to ensure we divert as much waste as possible from landfill, in our mission to become a Waste Free CHB!

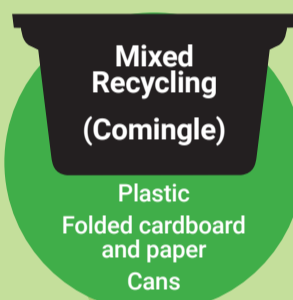

Here's a quick overview of what happens to your recycling, once it leaves the kerb or Recycling Drop-off Centre. For tips, ideas and comprehensive information on what you can and can't recycle, head to the Waste Free CHB online hub at www.chbdc.govt.nz/waste-free-chb.

Let's be Waste Free, CHB!

Kerbside Collections

Please make sure your recycling is clean, in the correct Council container, and at the kerb by 7.30am on your day of collection!

Waipawa | Waipukurau

Recyclables

→ Baled and shipped to be reprocessed into other plastic products, like food containers or clothes pegs, fence posts and garden seats.

→ → Cardboard and paper are made into new paper products like fruit trays, cardboard boxes and containers.

→ Scrap Metal Dealers → Processed into cans and other metal products like hand tools, cans and containers.

Non-recyclables - including plastics

Plastics 3, 4, 6 and 7 are no longer able to be recycled in New Zealand.

→ → District Landfill Central Hawke's Bay

Glass recycling is crushed, melted and remoulded into new glass bottles or jars.

Recycling Drop-off Centres
