ID	Date Subm Contribution	Tags	Sentiment			
			Positive	Negative	Mixed	Neutral
657	Sep 15, 2024 Roundabout works well	BP Crossing	1			
646	Sep 13, 2024 Fantastic place for a crossing. Great to get to the post office etc from the carpark.	Library crossing	1			
628	Sep 12, 2024 Keep this, it makes traffic management here, trying to turn right if southbound alot easier to manage	Roundabout	1			
596	Sep 03, 2024 Good place for extra pedestrian crossing as a lot of ppl cross from the carpark to the post shop and butcher	Library crossing	1			
595	Sep 03, 2024 The roundabout has been very handy to turn around and access the northbound side of the shops	Roundabout	1			
589	Sep 03, 2024 This is a great pedestrian to have! Great position, especially for elderly who have impaired mobility parking on the opposite side to the library	Library crossing	1			
468	Aug 09, 2024 Fantastic, make it permanent	Roundabout	1			
467	Aug 09, 2024 Good idea	Traffic island	1			
457	Jul 31, 2024 I like the look of them. I hope the Lorepetalum are miniatures because they can grow at least 1 Metre high and 1m wide and there are 3 in a box.	Planter boxes	1			
454	Jul 30, 2024 This crossing works very well	Library crossing	1			
453	Jul 30, 2024 Great new round about works well	Roundabout	1			
451	Jul 30, 2024 This pedestrian crossing is fine. If it is to stay, suggest more room before and after so people can be seen waiting.	Library crossing	1			
447	Jul 30, 2024 The centre island helps direct traffic to the roundabout. Keep please.	Traffic island	1			
446	Jul 30, 2024 Love the roundabout. Makes for better traffic flow to/from Ruataniwha Street, and slows the traffic through town. Better now it is painted. Keep it.	Roundabout	1			
443	Jul 29, 2024 I think this is in a good spot and makes sense to have this here so I'm happy with it	Library crossing	1			
439	Jul 29, 2024 I think having the roundabout here is a great idea, if set up permanently I'd like to see bp connected to it as apart of the roundabout. When turning south from the south exit from bp and people indicate out of the roundabout heading south it looks like they are indicating to turn into bp which could end up in an accident for someone	Roundabout; Boll	1			
437	Jul 29, 2024 Its good to this with the roundabout so people slow down and are more aware	Roundabout	1			
436	Jul 28, 2024 Great place for another one.	Library crossing	1			
433	Jul 28, 2024 Works OK. Just need more people driving carefully.	Roundabout	1			
432	Jul 28, 2024 Works well.	Traffic island	1			
431	Jul 28, 2024 Love the planters and bollards. Adds colour and vibrancy. Look forward to more.	Planter boxes	1			
430	Jul 28, 2024 Love this pedestrian crossing - definitely would be better raised as it has the same issues as the four square one did but as traffic generally going slower it feels safer to cross.	Library crossing	1			
429	Jul 28, 2024 I turn regularly and find the crossing placed there no issue. I have also had to stop to allow people to cross without issue. It would be interesting to know if those against the crossing have experienced an issue or just expect to.	BP Crossing	1			
428	Jul 28, 2024 Love it - makes exiting the western side of town so much easier. No risk taking anymore. Once the traffic from the North was blocked by cars parked outside commercial pub now it doesn't matter as they must give way. Still approach with caution.	Roundabout	1			
427	Jul 28, 2024 Love the planter boxes	Planter boxes	1			
426	Jul 28, 2024 Love them!	Planter boxes	1			
425	Jul 28, 2024 I like this idea as long as it doesn't intrude on parking, driver viewpoints or sidewalk access for pedestrians. Plant something that is easily maintainable, doesn't require approval from NZTA to put in TM. Follow HBRC with Lemons/Limes keep low and cut well.	Planter boxes	1			
423	Jul 28, 2024 I think that has been a great addition, it absolutely helps slow the traffic Northbound and allows traffic from both Ruataniwha street and intermittently the BP, to join the flow.	Roundabout	1			
422	Jul 28, 2024 I agree with this to many people speed over the bridge northbound into Waipawa township.	Roundabout	1			
418	Jul 28, 2024 This is one I don't mind, appropriate placement as a busy part of town. If the road were wider a traffic island could be put in to mitigate how much disruption to traffic is caused	Library crossing	1			
411	Jul 28, 2024 All the crossings in town make the town more pedestrian friendly and encourage people to walk about. Slowing the traffic down is only ever going to be a positive move.	Crossings	1			
410	Jul 28, 2024 This roundabout has been badly needed for a long time. It slows the traffic down to a safer speed through the town.	Roundabout	1			
395	Jul 28, 2024 I love them. They look great- I think that if they can be maintained they will look stunning in summer. Will we be able to keep the, watered enough? Or will we need specific planting? Anyway, I love them ☺	Planter boxes	1			
394	Jul 28, 2024 Fine on the sidewalk. They mustn't take up car parks or narrow the roadway.	Planter boxes	1			
393	Jul 28, 2024 This is the best of all the design features, I don't know why we didn't have one years ago! Yes, I nearly got taken out by a numpty who didn't know how to drive round a roundabout, but people adapt and change is hard for some. People are definitely getting used to it! The increased paint job round it has helped. I think it may need a couple more signs to alert people of a new roundabout? Those heading south seem to be the worst offenders! Definitely a significant improvement to the street- nice job!	Roundabout	1			
406	Jul 28, 2024 Great for relieving conjection.	Roundabout	1			
405	Jul 28, 2024 A big improvement & will get better as plants grow.	Planter boxes	1			
404	Jul 28, 2024 Love it! Works so well.	Roundabout	1			
403	Jul 28, 2024 Absolutely excellent. Slows traffic & a great improvement to traffic flow & safety.	Traffic island	1			
402	Jul 28, 2024 Possibly too soon to say? Seems to be OK!	Traffic island	1			
401	Jul 28, 2024 Would prefer a permanent fixture, but regardless a roundabout of some description is the right decision.	Roundabout	1			
398	Jul 28, 2024 Necessary	Traffic island	1			
388	Jul 28, 2024 Works OK... traffic comes far too fast over the bridge though, we need more signs and a limit of 70 before the bridge. 100 to 50 on the bridge is too much of a change.	Roundabout; Traf	1			
386	Jul 28, 2024 These look great however I do think there is so much more that the money can be spent on at this moment in time	Planter boxes	1			
363	Jul 22, 2024 The new roundabout helps vehicles coming from Ruataniwha safely merge into traffic on SH2. It's just a bit of a messy intersection with Kenilworth Street traffic also trying to merge. And with people breaking the roundabout rules. Definitely glad to have a roundabout there.	Roundabout	1			
385	Jul 28, 2024 When I have used the roundabout it has been ok however a few future ideas would be to have a roundabout approaching sign in the bridge or just afterwards heading northbound as well as one heading south to warn people. If the roundabout goes ahead I think alot of people will benefit from it being more visibly prominent/ bold / clearer to see.	Roundabout	1			
382	Jul 28, 2024 Good idea.	Traffic island	1			

377	Jul 28, 2021	the round about is great and encourages smooth midfull traffic movement	Roundabout	1	
376	Jul 28, 2021	its ok, not majorly visible but probably enough	Traffic island	1	
374	Jul 28, 2021	The raised pedestrian crossings are excellent and slow the traffic and provide a safe space to cross, the flat ones not so much, as a driver it is easy to miss them even through I am aware of them	BP Crossing	1	
373	Jul 28, 2021	these are an attractive design and nice to see they are made locally, unfortunately the ones on the pavement are hidden behind the parked cars, maybe we could have lollipop trees in them like the ones outside Magnolia?	Planter boxes	1	
372	Jul 28, 2021	this is great! the traffic flows well and smoothly	Roundabout	1	
371	Jul 28, 2021	good visual cue	Traffic island	1	
400	Jul 28, 2021	I like this one, good placing and I don't think there are too many crossings. I like it ☐	Crossings; Library	1	
356	Jul 20, 2021	I soooo love the roundabout. I have lived on Abbotsford Rd for 22 years and sat at that junction most days thinking 'there should be a roundabout here!' It is so much easier to get onto HWY 2 from Ruataniwha St especially when turning right and especially if you are towing a trailer or horse float. Thanks!	Roundabout	1	
358	Jul 20, 2021	Great!	Traffic island	1	
352	Jul 19, 2021	Perfect position see it being used all the time	Library crossing	1	
350	Jul 19, 2021	Really great	Planter boxes	1	
349	Jul 19, 2021	Really great	Roundabout	1	
348	Jul 19, 2021	Great	Traffic island	1	
345	Jul 19, 2021	It was a great idea putting a crossing here. Lots of the elderly shoppers use the car parking by the Waipawa museum, and can now safely cross the busy main street on the pedestrian crossing.	Library crossing	1	
344	Jul 19, 2021	Our staff all love the difference in traffic flow at this busy intersection, since the installation of the roundabout. It was previously a very dangerous spot at business closing, we have witnessed many drivers using the Bp across the road as a drive through, to avoid the right-turn onto the bridge.	Roundabout	1	
329	Jul 01, 2021	I think that the roundabout is an excellent idea and should be made permanent. This allows cars joining from opposite the BP to do so far more easily.	Roundabout	1	
319	Jun 17, 2021	It's great	Roundabout	1	
650	Sep 14, 2021	Much easier to get out of Ruataniwha Street. Little bit confusing for some drivers. Especially turning left into Ruataniwha St and then right into Kenilworth. I've seen drivers going south along High Street not slowing down enough to give way	Roundabout		1
419	Jul 28, 2021	Not sure how much use this will get, surely it encourages people to cross away from the ped crossing that is only 50ms away and more convenient to the pool etc?	Traffic island		1
644	Sep 13, 2021	Definitely a much better placed Pedestrian crossing, access to post office from bus stop. Unfortunate that the paint has been driven over and now the red paint is very messy.	Library crossing		1
397	Jul 28, 2021	The bollards are a bit out of character- but the planter boxes are lovely. I hope they can be maintained with planting, they will look stunning.	Planter boxes		1
641	Sep 13, 2021	The round in all is a good idea, however there are so many other things going on in the same space that it is very distracting. People not indicating correctly, not enough space when heading into Kennleworth St, with a trailer, without causing congestion of the intersection.	Roundabout		1
409	Jul 28, 2021	I use this crossing but do feel it's a bit of a joke how many crossing there are in waipawa.	BP Crossing; Crossings		1
448	Jul 30, 2021	On the main road and Ruataniwha St these are good. On Waverly Street before it hits the main road, it causes traffic to back up the hill and holds left turning traffic back.	Planter boxes		1
381	Jul 28, 2021	I don't think they do anything fir calming traffic more of a distraction while driving. But they make the town look nice	Planter boxes		1
375	Jul 28, 2021	this flat crossing shows up more that the one by the round about, still it would be MUCH safer if it was raised like the others. Also it might be better to move the other flat crossing a little further from the round about	Library crossing; Crossings		1
365	Jul 22, 2021	The street is already quite narrow, i think these are unnecessary clutter. The roundabout and raised pedestrian crossings are ample to slow down traffic.	Planter boxes		1
364	Jul 22, 2021	The street is already quite narrow, i think these are unnecessary clutter. The new roundabout and raised pedestrian crossings are ample to slow down traffic.	Planter boxes		1
361	Jul 22, 2021	This one is place in a good location, but visibility is really poor when people are waiting to walk out from between parked cars ...I see they have tried to improve this, but it is still not that visible	Library crossing		1
357	Jul 20, 2021	Sorry, I think this is an accident waiting to happen due to crossing position so close to a roundabout and a corner. I wont be at all surprised if a pedestrian gets hit here or vehicles get rear ended. Love the roundabout though!	BP Crossing; Roundabout		1
338	Jul 13, 2021	Need signage on SH 2 well before the centre area to forewarn drivers that traffic calming measures are in place and for them to drive to the posted limits but move positively through.	Traffic island		1
337	Jul 13, 2021	Needs signage on all approaches for drivers to indicate proposed direction of travel-- left or right, or if straight thru on south bound High Street always indicate a left. The roundabout could be raised higher in the centre with different colour so it is an obvious roundabout.	Roundabout		1
442	Jul 29, 2021	I would like to see them painted as I don't find the rust colour very attactive a black or green would be nicer	Planter boxes		1
324	Jun 28, 2021	Roundabout is good but the pedestrian crossing in my opinion is in a crazy place. Someone will get run over it's far to close to roundabout.	BP Crossing		1
351	Jul 19, 2021	Not sure need to wait til after summer to see if the kids going to the pool use it	Traffic island		1
435	Jul 28, 2021	No difference	Planter boxes		1
334	Jul 04, 2021	Quite suprised to see the new crossing so close to the roundabout exit. Luckily, there is a space in the middle of the highway to build a pedestrian refuge mid crossing.	BP Crossing		1
651	Sep 14, 2021	Too close to roundabout. Dangerous for both pedestrians and drivers. Haven't seen one person using it.	BP Crossing		1
658	Sep 15, 2021	Dangerous position for a pedestrian crossing so close to a roundabout.	BP Crossing		1
656	Sep 15, 2021	Crazy the necessity for multiple pedestrian crossings in a small town when major cities in NZ and beyond do not require such.	Crossings		1
655	Sep 15, 2021	Planter boxes ugly and dangerously positioned. The orange road cones placed in front of the planter boxes are hideous. Total waste of money and interesting to read a landscaper was involved and at what cost.	Planter boxes		1
652	Sep 14, 2021	Absolutely disgusting. They look untidy and unloved. They use up parking spaces. They make parking and opening car doors dangerous - it is bad enough having to park so your passengers can get out without hitting the verandah poles, now they have planters boxes too. They are dangerous for cyclists who have to pull out into traffic to get passed. Can't be seen properly at night. They take up room on the footpaths in the shopping area and make it congested for people on mobility scooters and pedestrians.	Planter boxes		1
645	Sep 13, 2021	Got this one mixed up with the one by the post office. This is a ridiculous crossing. No diamond for north bound traffic entering the roundabout. The crossing at the bus stop is adequate for this end of town.	BP Crossing		1
643	Sep 13, 2021	Same as previously mentioned, rust marks already staining the road and footpath. How they'll be watered without taking up the already low numbers of car parks, congestion of the road with traffic management for watering.	Planter boxes		1

642	Sep 13, 2021	These had added extra hazards around already busy areas at BP end of Waipawa. With the rain I have noticed rust staining occurring below them, making the footpath or road appear dirty. I have concerns about how these will be watered and what traffic control etc will be needed for this, what extra congestion this will cause.	Planter boxes	1
640	Sep 13, 2021	Ugly	Planter boxes	1
639	Sep 13, 2021	Dangerous position. Far too many pedestrian crossings for a small stretch of road	BP Crossing; Crossings	1
635	Sep 13, 2021	An accident waiting to happen. Needs to be removed, before a person is hit or dies. Far too close to the roundabout	BP Crossing	1
634	Sep 13, 2021	Waste of money, especially the ones further north of the main street.	Planter boxes	1
624	Sep 11, 2021	Wondering who signed off on the placement of the bollards and planter boxes?? How does the planter boxes down closer to watts street than the stores calm or slow traffic? Should they not be closer to the clock ??	Planter boxes	1
623	Sep 11, 2021	Has anyone thought about how the steel planter boxes are going to kept tidy ? When they have been dumped on the grass? The grass is rapidly growing around these boxes and it looks messy already. Why would they be placed not quite off the edge of the grass? You guys are creating more unnecessary work.	Planter boxes	1
622	Sep 11, 2021	Concrete farm troughs look cheap and like you guys have run out of money to decorate the street. These should stay in the paddock on the farm and be used for what they are designed for, to hold water for stock!	Planter boxes	1
621	Sep 11, 2021	What a dumb place to put a pedestrian crossing. Its too close to the badly designed round about that the public are not even using correctly. A truck and trailer stops to let pedestrians cross. They block the round about and traffic backs up. Stupid.	BP Crossing; Roundabout	1
620	Sep 11, 2021	I personally think it's dangerous. People not giving way. Trucks blocking exits when they stop for poorly placed pedestrian crossing.	BP Crossing; Roundabout	1
613	Sep 09, 2021	The planter boxes on the main street may enhance the vibrancy, but the purpose of traffic calming has not been achieved. The planter boxes have been placed on the side walk, calming traffic for pedestrians, if anything. The are an issue for wheelchairs and strollers though. The planter boxes placed further done the road that have been placed on the shoulder of the road cause unnecessary risk for bikes, but do nothing for calming vehicle traffic. Although they might look good when flowers are blossoming, I'm afraid they so more harm than good at the moment.	Planter boxes	1
609	Sep 05, 2021	You have a head line ' creating a safer and more connected Waipawa', then why on earth would you place 'planter boxes' along the road that are brown and hard to see ? They are nothing but a hazard and a complete waste of money !	BP Crossing	1
608	Sep 04, 2021	Nothing will make Waipawa vibrant . Rusty boxes and all the pedestrian crossing will not entice people to stop .	BP Crossing; Planter boxes	1
607	Sep 04, 2021	I see these as a safety hazard, vehicle passenger can not open the door onto the footpath. Will the other planter boxes require street lighting so motorists can see them at night . I think they are dangerous. Rather than calming traffic I think it's the opposite. This has been planned to get people out of cars .But this is part of State highway 2	Planter boxes	1
606	Sep 04, 2021	This is so unnecessary, I blocked the roundabout to let a pedestrian across . So the roundabout is not stopping congestion on this corner	Roundabout	1
594	Sep 03, 2021	Too close to roundabout and causes traffic to back up if you stop to let someone across and your vehicle is exiting the roundabout	BP Crossing	1
588	Sep 03, 2021	I think we could do without this crossing, it's not in a good place at all	BP Crossing	1
469	Aug 09, 2021	An accident waiting to happen, please remove! The road code states that one is only to enter a roundabout if exiting same can be done in one manoeuvre. Having a crossing in this place which pedestrians think they can step onto at any time, prevents exit and creates build up of traffic on the roundabout.	BP Crossing	1
465	Aug 07, 2021	This is DANGEROUS. There is zero space between the crossing and the roundabout - NZTA rules state a road user should not enter a roundabout unless the exit is clear; in this scenario, a car can enter the roundabout and encounter a pedestrian on the crossing, meaning they have no option but to stop on the roundabout, blocking access for other road users. Crossing adjacent to the 'green patch' in Waipuk were removed because they were considered too close to the roundabout - this crossing is MUCH closer. It is DANGEROUS. It must be removed IMMEDIATELY, before there is a serious accident. Feedback from police and St Johns is that this is at best "inappropriate" and "ill thought-out." Other comments are considerably less complimentary. I have not rated this as zero stars is not an option.	BP Crossing	1
456	Jul 31, 2021	I would be hesitant to use this crossing, especially after seeing 3 large articulated trucks coming through the roundabout this morning.	BP Crossing	1
452	Jul 30, 2021	This crossing is an accident waiting to happen, when driving need to concentrate on round about traffic, throwing pedestrians in the mix too is dangerous, especially when coming from the south end, very hard to spot people.	BP Crossing	1
450	Jul 30, 2021	This crossing is terrible. I believe it is a danger to traffic and pedestrians.	BP Crossing	1
444	Jul 29, 2021	I think this crossing is so unnecessary . It's too close to cars either turning left of Ruataniwha street. And for those cars coming around the round about from Waipukurau. In some cases it could cause a queue over the bridge at busy times, like before and after School..when the road is completed under railway bridge even more kids will be using that crossing 4 crossings are not needed..it's not that far to walk to the one outside New Supermarket	BP Crossing	1
438	Jul 29, 2021	There is nothing safe about this, I had a close call with a pedestrian here which gave me such a fright and I'm local. Pulling out from bp on the north end heading south waiting for a clearing in the traffic heading south got a gap pulled out and there was a pedestrian center of my lane on the crossing had to stop suddenly. Its not a nice feeling having it there and I don't believe it is necessary ive seen a pedestrian crossing twice since it was set up..	BP Crossing	1
434	Jul 28, 2021	Terrible. Low subglare in the morning can't see pedestrians. And unwilling to stop due to cars turning onto round about where you have to stop on round about for pedestrians and cars coming can't see you have stopped for pedestrians. Very likely to have lots of car bumps due to this.	BP Crossing	1
424	Jul 28, 2021	This is THE most unexpected crossing ive ever seen..wrong place..dangerous..children surely dont need put their livez at risk like this	BP Crossing	1
421	Jul 28, 2021	On a state highway, you shouldn't have a pedestrian crossing on the exit of a roundabout, do you want truck and trailers to stop in the middle of a roundabout? You're 100% guaranteed to have people rear ended with this kind of layout.	BP Crossing	1
420	Jul 28, 2021	The planter box between super liquor and BP needs to be put on the grass in front of super auto. Being flanked by cones is unappealing... And dangerous given people are used to driving on the footpath between the two to not impede the road. Also the one by the pharmacy makes access to the footpath difficult, if you are a passenger of the vehicle. Especially if you are mobility impaired or have a child and pram.	Planter boxes	1

417	Jul 28, 2021	This crossing is also unnecessary and in the wrong area. If another crossing is to be introduced, I believe it should be further (north) down the road near the Bakehouse.	BP Crossing	1
416	Jul 28, 2021	Accident waiting to happen either to cars on the roundabout or pedestrians crossing. Obviously a bad idea, hence the 1 star rating it currently has. Waste of time and money.	BP Crossing; Roundabout	1
415	Jul 28, 2021	Can't ever say that a bollard has made a space more vibrant. Nor have the rusted boxes that have been placed along the road. The one between the super liquor and auto shop is an accident waiting to happen as it is a popular short cut to take. Why the small grass verge outside the auto shop wasn't planted/extended is my main issue in regards to the planters.	Planter boxes	1
414	Jul 28, 2021	I don't think this is a good idea. Porirua City has a few pedestrian crossings that follow a roundabout and they are popular places for accidents, road rage, and unnecessary congestion. The addition of the crossing, in my opinion, will be more harmful to both drivers and pedestrians!	BP Crossing	1
413	Jul 28, 2021	Concerned about the safety of this crossing with traffic approaching the roundabout and traffic coming out of the roundabout... It feels like an accident waiting to happen. Couldn't it be like other places where there is a centre island to give pedestrians safer spaces to cross the road one lane at a time, when clear to do so. Rather than right of way over traffic.	BP Crossing	1
412	Jul 28, 2021	Not needed, wasn't a problem in the first place. If trying to slow traffic a speed camera would serve much better. I have used the roundabout numerous times and am apprehensive as the pedestrian crossing is far too close for north bound traffic. One truck having to wait for a pedestrian could cause major delays and potential crashes	BP Crossing; Roundabout; Traffic	1
408	Jul 28, 2021	Remove the crossing outside BP. It's a dangerous place to have one. Not only are vehicles adjusting to a new road layout, rules etc, they now also have to stop and look for pedestrians. You've got Stephenson Transport right off the main road. When they stop for the crossing, the entire road is blocked because of the length of their vehicles. This is not their fault. Why is there a need for 4 pedestrian crossing on such a small main street? Get rid of the one outside BP and keep traffic moving.	BP Crossing	1
407	Jul 28, 2021	I think this a silly place. Maybe a centre island like the one on the other side of the roundabout would be better.	BP Crossing	1
399	Jul 28, 2021	This is probably the worst addition to the street- it is too near the roundabout. You are on top of it before you realise- I think this needs to go 😞	BP Crossing	1
391	Jul 28, 2021	Think it should be lights not a round about	Roundabout	1
390	Jul 28, 2021	Only need 2 crossings max and not directly after a round about	BP Crossing	1
389	Jul 28, 2021	Needs to go. Heading north bound in the mornings the sun strike is so bad you can barely make the pedestrian crossing out. People are running across barely giving you time to register they're at the crossing. Doesn't need to be here.	BP Crossing	1
387	Jul 28, 2021	In a very silly spot. It is dangerous where it is currently located. Needs to be removed altogether.	BP Crossing	1
384	Jul 28, 2021	This is too close to the roundabout and is dangerous	BP Crossing	1
383	Jul 28, 2021	Too close to the roundabout and dangerous for pedestrians and drivers alike. Drivers are watching other cars not pedestrians	BP Crossing	1
380	Jul 28, 2021	It's too small. Needs to be bigger, more solid to be effective. Is causing more issues and accidents than its preventing.	Roundabout	1
379	Jul 28, 2021	It's so silly and doesn't really serve a proper purpose. Such a waste putting it there	Roundabout	1
378	Jul 28, 2021	To close to roundabout	BP Crossing	1
362	Jul 22, 2021	This crossing seems to be a tragedy waiting to happen. Please remove it. The crossing is dangerously near the new roundabout. And there are enough pedestrian crossings further down the street.	BP Crossing	1
360	Jul 22, 2021	Thank that this is absolutely dangerous... Being on the Streets for People committee we voiced our opinion loudly and were just not listened to as far as this was concerned....	BP Crossing	1
354	Jul 20, 2021	This pedestrian crossing is not required as there are 3 other pedestrian crossings within a 200mtr radius. This pedestrian crossing - when it's rarely used - has caused the traffic to back up around the roundabout and is actually far too close to the roundabout making it incredibly dangerous to use. If a car comes around the corner into the crossing it can too easily take out a pedestrian on the crossing. This is a serious accident waiting to happen and this pedestrian crossing should be removed it is totally not needed and is a hazard.	BP Crossing	1
347	Jul 19, 2021	This planter box has made parking in that spot pretty much impossible if you have passengers. Not a well thought out idea, with the only Waipawa pharmacy being 24 High Street (a planter box is at 23 High). The pharmacy had asked if there could be place in the plan for a 'Pharmacy 5 minute parking' spot out the front of the pharmacy to allow easy medication pick-up. Something that would have helped those with mobility trouble. Instead of considering this, the parking issue has been made worse with less streetside parking after the installation of the 4 pedestrian crossings and now the planters causing a hazard for car doors and pedestrians of those lucky enough to get a park.	Planter boxes	1
346	Jul 19, 2021	I'm sorry but this crossing site is a big worry. There is already a lot going on in that area, with the busy intersection and Bp entrances, plus it is only a new roundabout. We are still seeing people making driver errors with the new layout of this intersection. Please remove this crossing before there is a nasty accident or fatality.	BP Crossing	1
339	Jul 13, 2021	I don't agree this extra pedestrian crossing is needed, since the one in the centre of town with railing on lead up's addresses the car park on the opposite side where the bus stop is sited. I would prefer to see car parking promoted on the west side of the shopping centre, with access lanes to the shops	BP Crossing	1
336	Jul 13, 2021	Make higher so it is an obvious traffic island	Traffic island	1
332	Jul 02, 2021	Why have you put a crossing right next to a roundabout and then added another one by the post shop this is ridiculous, are people that lazy they can't walk a few more steps down the road to cross at the crossing by 4 square ! The crossing by BP is an accident waiting to happen, someone is going to get knocked down as drivers have enough to take in at a roundabout let alone someone trying to cross the road as well, this was truly not thought out properly.	BP Crossing	1
331	Jul 02, 2021	Too close to round about, holds up through traffic, never seen a round about that then goes on to a pedestrian crossing TBH too many pedestrians crossing on a main state highway insane.	BP Crossing	1
330	Jul 01, 2021	I think that the crossing is too close to the roundabout and is sure to cause unnecessary blockages on the roundabout. Personally I think that there are enough crossing already.	BP Crossing	1
328	Jun 30, 2021	Definitely don't need this extra crossing at the round about as Waipawa has plenty already ... its just a matter of time before someone gets hit as the amount of traffic there causes the driver to concentrate on vehicles not people and its too much disruption to the flow of traffic at a bottle neck already	BP Crossing	1
327	Jun 29, 2021	Very dangerous accident waiting to happen too close to the roundabout. what happens when someone stops for a pedestrian and gets T Boned	BP Crossing	1

Jun 29, 202 We already have 2 pedestrian crossings in town, this is going to be a real problem when people are crossing the road at busy time, when a heavy vehicle comes and will stop and block the whole roundabout and flow of traffic.

BP Crossing
