

Cyclone Recovery Update

With an ambitious roadmap ahead in our recovery from Cyclone Gabrielle, it's essential that we have the right people in place to lead the charge and drive forward our collective priorities.

We're happy to introduce two new staff members who will be pivotal in the delivery of this roadmap – Otāne locals Riley Kupa, Recovery Manager, and Debbie Northe, Community Connections Manager!

Central Hawke's Bay's recovery planning needs to be locally led and shaped by our communities. Currently, our focus is on supporting our most impacted communities within categorised land areas and engagement with these groups has started this week. Following this, we will be in touch with the details of the second round of community conversations for each of our nine localities.

Ongoing dialogue with our communities sits at the heart of our recovery planning and we welcome feedback at any time.
